

JB Pritzker, Governor

Illinois Department of Human Services

Grace B. Hou, Secretary-designate

823 East Monroe ● Springfield, Illinois 62701
401 S. Clinton Avenue ● Chicago, IL 60607

April 17, 2019

Effective immediately, enrollment as an AT vendor to **purchase/dispense** AT devices/equipment can only be accomplished through an application in the Illinois Department of Healthcare and Family Services (HFS) - Illinois Medicaid Program Advanced Cloud Technology (IMPACT) and, upon IMPACT approval, a request to Provider Connections to add AT to your EI enrollment. It is important to note that instructions for EI AT IMPACT enrollment are being finalized for posting. At this time, the only provider enrollment type allowed in IMPACT for AT must be a Facility, Agency or Organization (FAO) as defined by IMPACT. This is the same IMPACT enrollment type that could be enrolled as a Durable Medical Equipment (DME) provider.

Your credential/enrollment as a discipline-specific EI Provider has not been affected in any way, and you will continue to hold your discipline-specific enrollment following all current policies/procedures for EI credentialing/enrollment. **Any authorizations you currently hold are valid until completion or expiration. No new authorizations can be issued unless the proper AT enrollment is completed.**

If you have any questions or concerns, please feel free to contact Provider Connections at 1-800-701-0995. Thank you for your continued support to the EI Program!

Respectfully,

Ann M. Freiburg, Chief
Bureau of Early Intervention
