RE: Updates to Early Intervention Approved Evaluation and Assessment Instruments

The Bureau of Early Intervention (EI) has received approval from the Illinois Department of Healthcare and Family Services to add the *Scales of Independent Behavior-Revised* to the EI Program's approved list of evaluation and assessment tools.

This tool was added to both the adaptive-functioning skills and social emotional areas of the current listing.

The revised list may be found [here](#).

Thank you for your continued dedication to the infants/toddlers and their families within the Illinois EI Program.
